SEC. 23. Each violation of this ordinance shall be deemed a separate offense and punishable as such.

SEC. 24. Any person who shall himself, directly or indirectly, or by any servant, agent, or employee, or by any manner or means whatsoever, violate any of the provisions of this ordinance, shall on conviction thereof be punished by a fine of not less than \$1 nor more than \$100, or by imprisonment in the city jail for a period of not more than 90 days, or by both such fine and imprisonment, in the discretion of the court.

ST. CLOUD, MINN.

Meat and Meat Products—Inspection, Care, and Sale—Slaughterhouses. (Ord. 208, Nov. 18, 1914.)

SECTION 1. It shall be unlawful for any person, either as owner, agent, or employee; to sell, have, keep or expose for sale for human food, or to have in his possession, the flesh of any kind of cattle, calf, sheep, lamb, goat or swine, for the purpose of sale, unless the same shall have been slaughtered under the supervision of a United States Government inspector in accordance with the regulations of the United States Bureau of Animal Industry relating to the inspection of meat; or a meat inspector of the city of St. Cloud in accordance with the provisions of this ordinance; and unless there has been placed on each primal part thereof by and under the personal supervision of an inspector of the United States or of the city of St. Cloud, a mark, stamp, or brand showing that the same has been inspected and passed for food purposes by such United States inspector or such meat inspector of the city of St. Cloud, in which latter case said mark shall have the words "city of St. Cloud, inspected and passed," together with the number of the slaughter house as hereinafter provided in which the same was inspected.

SEC. 2. No animals, except poultry, the meat of which is intended to be sold for food within the city of St. Cloud shall be slaughtered at any other place than at a licensed slaughterhouse and no such animals shall be slaughtered except under inspection as hereinafter provided.

SEC. 3. Any person desiring a license for a slaughterhouse shall apply to the commission for such license, giving his name, and the location and equipment of the building or buildings intended to be used for such purpose, which equipment shall be sufficient to substantially comply with the rules of the United States Bureau of Animal Industry. The commission shall thereupon cause an inspection of such building or buildings to be made by the board of health or by a competent man, under its direction, who shall report the result of such inspection to the commission. If said buildings and equipment are found to be sanitary and sufficient to properly carry on the business of slaughtering for market within the said rules of the United States Bureau of Animal Industry, the commission may grant to such applicant a license to conduct a slaughterhouse at such premises upon the payment of a fee of \$25 per year.

SEC. 4. The commission shall appoint such number of competent men as may be necessary to act as inspectors at such licensed slaughterhouse or houses whose compensation shall be fixed by the commission and whose duties shall be fixed by the commission and board of health by joint rules.

SEC. 5. All animals, except poultry, the meat of which is intended for food to be offered for sale in the city of St. Cloud shall be inspected by said inspector both before slaughtering and at the time of slaughtering except as hereinafter provided.

Such inspection shall be in so far as practicable in accordance with the rules and regulations of the United States Bureau of Animal Industry governing meat inspection; and such inspector shall have the same authority as to condemn at such licensed slaughterhouse or houses as a United States inspector has within his proper jurisdiction. The commission shall designate each slaughterhouse so licensed by a number, which number shall be used on the mark, stamp, or brand on all meats inspected therein.

SEC. 6. Any animal condemned by said inspector shall not be sold or offered for sale for food within the city of St. Cloud, but shall be disposed of in the same manner as required by the said rules and regulations of the United States Bureau of Animal Industry.

SEC. 7. Any person, firm, or corporation desiring to slaughter any animal mentioned in this ordinance for use for food purposes in the city of St. Cloud shall give notice thereof to the meat inspector of said city a sufficient time before slaughtering to enable him to make proper inspection hereunder.

SEC. 8. Every owner of any animal slaughtered at a licensed slaughterhouse or otherwise subject to inspection shall pay an inspection fee for every animal inspected which shall be collected by the inspector before inspection and by him paid to the city treasurer at the time of making his weekly report. Such inspection fees shall be fixed by the commission in accordance with the number of animals offered for inspection, it being the true intent of this ordinance to make the department of meat inspection self-sustaining, but without profit.

SEC. 9. It shall be unlawful for any person, firm, or corporation, except the meat inspectors herein provided for and the health officers of said city of St. Cloud to have in their possession, keep, or use any mark, stamp, or brand provided or used for stamping, marking, or branding any carcasses as herein required; or to keep, make or use any mark, stamp, or brand having thereon a device or wording similar in character or import to the marks, stamps or brands provided or used for marking, stamping, or branding such articles; and it shall be unlawful for any person, firm, or corporation without authority to use, detach, alter, deface or destroy any of the stamps, brands or marks recognized by said meat inspectors of said city pursuant to the provisions of this ordinance.

SEC. 10. Every meat inspector shall keep a full and complete record of all inspections made by him, which record shall set forth fully the date of such inspection, kind of animal inspected, for whom inspected, nature of inspection, result of inspection, and amount of fees collected. If condemned, said report shall show the reason therefor, and the disposal made of carcass shall be fully stated. Such reports shall be made upon blanks to be furnished by the commission, and shall be filed with the city clerk on Monday of each week, to cover inspection for the preceding week.

SEC. 11. Carcasses of animals killed upon farms to be sold in the city of St. Cloud which have not been inspected previous to slaughtering may be offered for inspection on the following conditions: Such carcasses must have the head, heart, liver, and lungs held by the natural attachments. Such carcasses if offered shall be inspected and if found free from disease and otherwise sound and wholesome, shall be passed and stamped. If found to be diseased, unsound, unwholesome or otherwise unfit for human food, they shall be condemned and destroyed as herein provided.

SEC. 12. The Board of Health of the city of St. Cloud is hereby authorized and directed to adopt rules and regulations covering the sanitation of slaughterhouses and establishments where meat-food products are sold or manufactured, the inspection of meats, and the ultimate disposal of condemned meats which will enable the said board of health to enforce and carry out the meaning and intent of this ordinance, and when such rules and regulations shall be duly adopted and a certified copy thereof delivered to any person, firm, or corporation handling meats or meat products, a viola-

tion of any such rules and regulations by such person, firm, or corporation shall be construed as a violation of this ordinance.

SEC. 13. Any person, firm, or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not less than \$5 nor more than \$100 and the costs of prosecution, and may be imprisoned in the county jail until such fine and costs are paid, not exceeding 90 days.
